Don't Trust Me - 3 OH! 3

Black dress with the tights underneath,
I got the breath of the last cigarette on my teeth,
And shes an actress (actress),
But she ain't got no need.
Shes got money from her parents in a trust fund back east.
T-t-t-tongues always pressed to your cheeks,
While my tongue is on the inside of some other girls teeth,
T-tell your boyfriend if he says hes got beef,
That I'm a vegetarian and I ain't fucking scared of him.

She wants to touch me (Woah),
She wants to love me (Woah),
She'll never leave me (Woah, woah, oh, oh),
Don't trust a ho,
Never trust a ho,
Won't trust a ho,
Won't trust me.

X's on the back of your hands,
Wash them in the bathroom to drink like the bands.
And your setlist (setlist),
You stole off the stage,
Had red and purple lipstick all over the page.
B-b-b-bruises cover your arms,
Shaking in the fingers with the bottle in your palm.
And the best is (best is),
No one knows who you are,
Just another girl alone at the bar.

She wants to touch me (Woah),
She wants to love me (Woah),
She'll never leave me (Woah, woah, oh, oh),
Don't trust a ho,
Never trust a ho,
Won't trust a ho,
Won't trust me.

Shush girl shut your lips,
Do the Hellen Keller and talk with your hips.
I said, Shush girl shut your lips,
Do the Hellen Keller and talk with your hips.
I said, Shush girl shut your lips,
Do the Hellen Keller and talk with your hips.

Woah, woah, woah...

She wants to touch me (Woah),
She wants to love me (Woah),
She'll never leave me (Woah, woah, oh, oh),
Don't trust a ho,
Never trust a ho,

Won't trust a ho,
Won't trust me

Sex On Fire-Kings of Leon

Lay where you're laying, don't make a sound
I know they're watching, they're watching
All the commotion, the kiddie like play
Has people talking, talking

You, your sex is on fire

The dark of the alley, the breaking of day
The head while I'm driving, I'm driving
Soft lips are open, knuckles are pale
Feels like you're dying, you're dying

You, your sex is on fire
Consumed with what's to transpire

Hot as a fever, rattling bones
I could just taste it, taste it
If it's not forever, if it's just tonight
Oh, it's still the greatest, the greatest, the greatest

You, your sex is on fire
And you, your sex is on fire
Consumed with what's to transpire

And you, your sex is on fire
Consumed with what's to transpire

‘SADD Driving to Prom’

(car starting)

Girl: You and your friends are finally on your way to prom. You found the perfect outfit, and you wanna show up looking great. So you decide not to buckle up. But what about not showing up at all? Riding unbuckled could mess up more than just your clothes. It could mess up your future. SADD wants you to enjoy the prom. Buckle up. Make seatbelt use a high priority at your school. Organize an activity to promote seatbelt safety. Check out www.sadd.org for ideas.

‘Stay in School’

Aly: When you were little, what did you want to be when you grew up? A nurse? A teacher? A rock star? You can’t be anything cool without studying. Fact. Stay in school. Stay focused. Be what you want to be. If you feel stupid in school, then you have two choices. Quit, or get help. Quitting means a low income at a boring job. Getting help means graduating and choosing a job you want. Staying in school plus studying equals a better job. You do the math.

‘Bullying’

Voiceover: This is a public! Service! Announcement! On BusRadio.

(shhh)

Girl: Being bullied can make you feel awful, right? If you see someone being picked on, tell your bus driver. Or a teacher. You’re not getting someone in trouble, you’re helping someone. So speak up.

This public service announcement was brought to you by BusRadio.

‘Lights On After School’

Voiceover: Ladies and gentlemen, can I please have your attention! This is a public! Service! Announcement! On BusRadio.

(shhh)

Girl: Where can you go to build robots? Star in a play? Practice your dance moves? Learn to cook like a chef? And STILL get your homework done on time? It’s your local after school program. After school programs give kids safe places to hang out, learn new skills, and get help with homework. Every kid deserves to have an after school program. Unfortunately, more than 14 million kids in the U.S. go home alone after school. You can help raise awareness for kids who need after school programs by being part of ‘Lights On After School,’ a nationwide event being celebrated in after school programs this October. Ask your school or after school program to host a ‘Lights On After School’ event, or go to an event in your community. Visit afterschoolalliance.org to learn more.

‘Mav-Stay in School’

Man: So you think school’s boring? Cuz you know high school dropouts are more likely to live in poverty, AND be unemployed? This message is brought to you by BusRadio, reminding you to stay in school.

‘Global Warming’

Voiceover: This is a public service announcement!

Man: So you hear about global warming all the time. Basically, if the earth got only a few degrees warmer, rising sea levels would drown major cities and displace millions of people. Or visit dosomething.org for more information on ways you can stop global warming. This message is brought to you by BusRadio and dosomething.org.
